Clicking on the **Communities tab** in the menu bar on the top of the page will open up the **Communities home screen**.

- Because we joined with the Living Supernaturally Community it is the only Community listed.
- If you were to have signed up with no Community recommendation, you'd not have no Communities listed here.
- From here we can invite people to our root Community, Explore and join other Communities or Create a new Community which would be a Community we would lead.
